Country

Spain

Title

Digital Resilient Schools Project (Escuelas Digitales Resilientes)

Organiser/Provider

Ayuda en Acción

Target Group

Parents in vulnerable situations

Theme/Focus Area

Basic digital skills, school-family communication, safe use of ICT

Description of the practice

In-person and online workshops teaching families how to set up email, send files, make video calls, use educational platforms, and understand digital risks. The workshops help parents accompany their children in online environments.

Results/ Impact

Implemented in Asturias and Andalusia, with plans for expansion. Active participation of families with low digital skills, reducing the digital divide.

Transferability/Innovation

Adapted to local needs and school schedules for better work-life balance. Replicable model for vulnerable contexts.
